Dollars encumbered to contracts, Dollars spent on contracts, Technical difficulty of practices, Meeting the priorities specified in the district strategy plan
Meeting the priorities specified in the district strategy plan
Putting in 1 dry stack and dealing with one farmer or putting in 20 ac of GWW and dealing with 10 farmers? Which is more difficult? Which has more risk of not spending money or cancellation of contract?
Meeting the priorities specified in the district strategy plan
Dollars spent on contracts
Meeting the priorities specified in the district strategy plan
Maybe, dollars encumbered, but not spent on contracts since cooperators can back out at anytime. Being a voluntary program, sometimes you can have farmers not install what you have planned at no fault to the District employee.
Dollars encumbered to contracts
Dollars encumbered to contracts, Dollars spent on contracts, Technical difficulty of practices, Meeting the priorities specified in the district strategy plan, who determines technical difficulties
Dollars spent on contracts
Percentage of allocation encumbered as compared to funds spent out on RFP's
Dollars encumbered to contracts, Dollars spent on contracts, Meeting the priorities specified in the district strategy plan
Dollars spent on contracts
Technical difficulty of practices, Meeting the priorities specified in the district strategy plan, Customers served
Dollars spent on contracts
Dollars encumbered to contracts, Meeting the priorities specified in the district strategy plan, I do not prefer "Dollars spent on contracts" because you can not mandate applicants to fully execute their approved cost share contract.

Meeting the priorities specified in the district strategy plan
Meeting the priorities specified in the district strategy plan
Funding should not be based solely upon technical difficulty. Cost share practices vary widely within the state.
none: biased assessment. Funds are based upon many factors including agricultural statistics. Technicians should not be held accountable or penalized for county and related statistics.
